

The pedagogy and practice of PebblePad: A workshop of conversation and exploration

Shane Sutherland

Development Director, Pebble Learning

Half day. Maximum participants 20. Hands on. All delegates who have an interest in personal learning systems. No background required.

This is a sponsored workshop available free of charge to delegates, although registration is required.

Activities

PebblePad is the most widely used personal learning system in UK higher education. This workshop will provide participants with an opportunity to explore the pedagogy; principles and practice of the system in a lively hands-on session. All participants will receive a free PebblePad account.
